Part of WEST Invest Group

Company presentation 2023

OLEINITEC

Part of WEST Invest Group

Your Strongest Link To Reliable Research And Quality Control

At OleiniTec Nordic AB, we strongly believe that we can make a difference for our customers by acting as a highly efficient link between innovative technology and the Nordic research facilities & industries for material, liquid, and gas analysis.

Oleinitec Nordic AB – since 1975

- 1975 – Nils Gustafsson founded Nitec AB.
- 1992 – Hyxo OY becomes part owners
- 1997 – Nitec and Oleico joins forces as Oleinitec
- 2014 – 100% Part of the Hyxo Group
- 2022 – Hyxo forms WEST Invest Group

- 450 employees Oleinitec – 12 employees
- 80M€ Oleinitec – 3M€

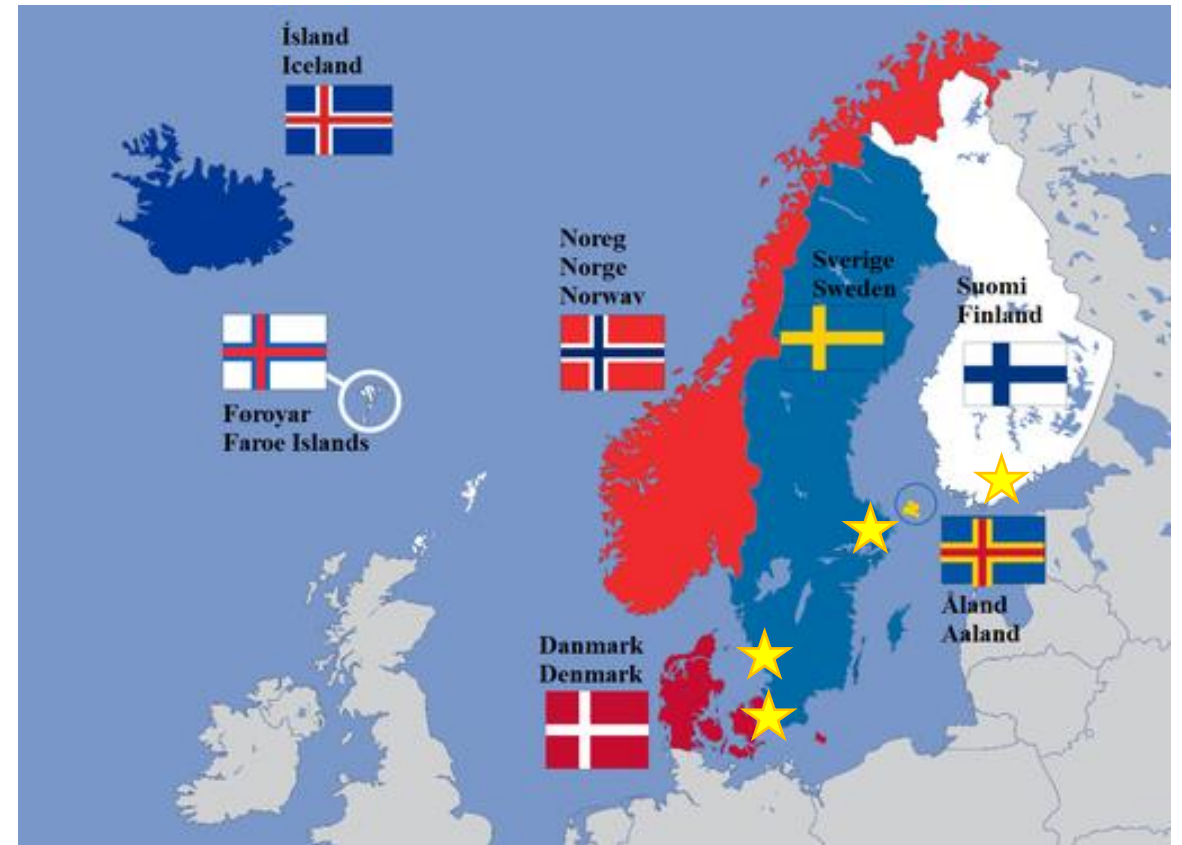

OLEINITEC

Part of WEST Invest Group

Oleinitec Nordic AB

Offices

- Sollentuna (Stockholm)
- Varberg
- Rydebäck (Helsingborg)
- Barsebäck (Lund)
- Beddingestrand (Trelleborg)

Oleintec Nordic AB

Solutions for Viscosity and Rheology was the main business back in 1975

Now we also offer

- Particle analysis
- Steam & Water at Power Plants
- Various food, soft drink and beer applications
- Laboratory Water Purification Systems
- Standards and Reagents
- Manual and Automated sampling systems

Powder & Dispersion Analysers

Particle Size and Shape

Dispersion Stability

Gas Adsorption Measurement

Physical & Chemical Analyzers

Spectrophotometers, Refractometers and Density Meters

Material Characterization

Potentiostat/Galvanostat instruments

Sample Preparation & Processing

Dispersion and fine grinding systems
for laboratory and pilot plants

In-Line Process Analysers & Sensors

Steam and Water Analysis System (SWAS)

Soft Drink Manufacturers and Breweries

Food and Chemical industries

Dew Point and Gas analysis

General Equipment and Consumables

Ultrapure water of Type I, II and III

Physical and chemical standards
(pH, size, shape, concentration, zeta potential
and fluorescence)

Disposable and reusable samplers and scoops

Inline samplers

Expert advice and customized trainings

Being your local supplier, we can also offer advice and trainings.

- What is the best solution for you?
- How does the instrument work
- What maintenance tasks are needed?

Service and repair

Being your local supplier, we can also offer faster and less costly service.

- Service agreements
- Repair
- Spare parts
- Support

Our Suppliers

[Alpha Moisture Systems](#)

Dew point meters

[BS-Partikel](#)

Particle standards

[EATON](#)

Gas analyzers and sensors for process monitoring

[Evoqua Water Technologies](#)

Water and wastewater treatment systems

[GÖTTFERT](#)

Rheology of polymers either in the laboratory or in online

[Hach - Orbisphere - Polymetron](#)

Automatic analyzers covering applications for water treatment and process streams in Power Industries.

[Ivium Technologies](#)

Potentiostats for electrochemical research

[LUM GmbH](#)

Laboratory Instruments for: Dispersion Analysis, Stability Analysis and Materials Testing.

[Maselli Misure](#)

On-line and laboratory liquid analyzers for Beverage & Food

[Microtrac](#)

Total solutions in particle characterization

[Particle Metrix](#)

Nanoparticle Tracking Analysis

[Reagecon](#)

Physical and Chemical Standards and Reagents

[Rudolph Research Analytical](#)

Density-, Refractometer-, Polarity-, Sacchari-metres

[Sampling Systems](#)

Sampling equipment

[Sentry](#)

Components for sampling of water and steam

[Sigrist Process-Photometer](#)

Photometers for Beverage, Food, Traffic and Enviroment, Fresh and Wastewater

[Sofraser](#)

Viscosity measurement and control

[VMA Getzmann GMBH](#)

Equipment for dispersion
