Labels for Production and Quality Control use

Which type of label is right for me?

Sampling Systems offer two types of standard label backing:

- Ultra Ahesive Labels
- PharmaLabels

1. Ultra Adhesive (UA) Labels

UA Labels are special high quality labels with an ultra-adhesive foil backing. They are ideal for use on sacks, drums, kegs, boxes, bags etc.

- Standard labels are available in two sizes: 95mm x 95mm or 150mm x 150mm
- Very high strength adhesive - will even stick on very dusty surfaces
- Working Temperature Range -20 to +70°C (-5 to +160°F)
- Ideal for repairing holes in sacks

Dust Proof

UA Labels are ideal for sealing sacks after sampling. UA Labels will stick to virtually any surface, they will even stick to dusty sacks.

The label will not only record the fact that the sack has been sampled but it will prevent the sack from leaking powder as it is handled.

Weather Proof

Even after being submerged in water for 48 hours the UA label was intact, it was securely attached to the bag and could be written on using a ball point pen.

2. PharmaLabels

PharmaLabels are a range of paper labels with a special adhesive that conforms to FDA and EC specifications. PharmaLabels are ideal for applications where the adhesive might come into contact with the product.

- Medium strength adhesion
- FDA acceptable adhesive conforms to FDA CFR175.105
- Food grade adhesive conforms to EC 1935/2004
- Working Temperature Range -40 to +70°C (-40 to +160°F)

Quality Control Labels

Quality Control Labels are available printed on either Ultra Adhesive or PharmaLabels.

- Large writing area
- Available in two convenient sizes
- Each roll individually wrapped
- Available from stock for next day delivery
- Ideal for sealing dusty sacks (UA labels)

NEXT DAY DELIVERY

Part No.	Label Type	Colour	Text	Label Size	Number of Labels per Roll (approx.)
8220A-01	Ultra Adhesive	Red	Quality Control	95 x 95mm	500
8220P-01	Pharma Label	Red	Quality Control	95 x 95mm	500
8220A-001	Ultra Adhesive	Red	Quality Control	150 x 150mm	250
8220P-001	Pharma Label	Red	Quality Control	150 x 150mm	250

Ultra Adhesive = extra strong adhesive   Pharma Label = food grade, medium strength adhesive

NEXT DAY DELIVERY

Part No.	Label Type	Colour	Text	Label Size	Number of Labels per Roll (approx.)

Ultra Adhesive = extra strong adhesive   Pharma Label = food grade, medium strength adhesive

Clear Labels

A see-through label with a food grade adhesive

Clear Labels are ideal for sealing bags and sacks. These labels are made from a clear polypropylene film and they have an FDA acceptable adhesive. Clear Labels are ideal for sealing sampling holes. The label is transparent so that printing underneath the label can still be easily read.

- 95mm x 95mm size
- Adhesive conforms to FDA CFR175.105

NEXT DAY DELIVERY

Part No.	Label Type	Colour	Label Size	Number of Labels per Roll (approx.)
8220C-01	Pharma Labels	Clear Transparent	95 x 95mm	500

Ultra Adhesive = extra strong adhesive   Pharma Label = food grade, medium strength adhesive

ID Tape

Sampling Systems ID Tape is available in a range of styles. Containers, bags etc. can be easily labelled with this highly visible tape. Quickly identify the status of a container to prevent it being used in error.

- Use with standard tape dispensers
- Medium strength adhesion
- 10 rolls per box

Custom Labels

Simply sketch your design and email it to Sampling Systems. We will do the rest.

- Custom labels to your design specification
- Available as PharmaLabels or UA Labels
- Virtually any size or shape of label is possible
- Single colour or full colour printing is available
- Minimum order 5 rolls
- Typical delivery time is 2 weeks
- Contact Sampling Systems for further information

Label Dispensers

Label Dispensers are useful for storing labels and they provide operators with a flat writing area. Label Dispensers are made from sturdy aluminium and are available in two convenient sizes.

NEXT DAY DELIVERY

Part No.	Description
8220A-07	Label Dispenser for 95mm wide labels
8220A-17	Label Dispenser for 150mm wide labels
